# **WARNINGS Read Before Using Your Sega Dreamcast Video Game System**

## **CAUTION**

Anyone who uses the Dreamcast should read the operating manual for the software and console before operating them. A responsible adult should read these manuals together with any minors who will use the Dreamcast before the minor uses it.

## **HEALTH AND EPILEPSY WARNING**

Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure.

If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using Dreamcast.

In all cases, parents should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using Dreamcast:

- Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
- Do not play if you are tired or have not had much sleep.
- Make sure that the room in which you are playing has all the lights on and is well lit.
- Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

## **OPERATING PRECAUTIONS**

To prevent personal injury, property damage or malfunction:

- Before removing disc, be sure it has stopped spinning.
- The Sega Dreamcast GD-ROM disc is intended for use exclusively on the Sega Dreamcast video game system. Do not use this disc in anything other than a Dreamcast console, especially not in a CD player.
- Do not allow fingerprints or dirt on either side of the disc.
- Avoid bending the disc. Do not touch, smudge or scratch its surface.
- Do not modify or enlarge the center hole of the disc or use a disc that is cracked, modified or repaired with adhesive tape.
- Do not write on or apply anything to either side of the disc.
- Store the disc in its original case and do not expose it to high temperature and humidity.
- Do not leave the disc in direct sunlight or near a radiator or other source of heat.
- Use lens cleaner and a soft dry cloth to clean disc, wiping gently from the center to the edge. Never use chemicals such as benzene and paint thinner to clean disc.

## **PROJECTION TELEVISION WARNING**

Still pictures or images may cause permanent picture tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large-screen projection televisions.

Dynamite Cop is a memory card compatible game [Visual Memory Unit (VMU) sold separately]. With this game, 5 blocks of memory are needed to save game files. Note that because the saving of game data occurs automatically, never turn OFF the Dreamcast power, remove the memory card unit or disconnect the controller during game play.

# STORY

Here's what we know so far! You, a one "Captain Bruno Delinger," were rudely awakened from your mandatory 3 hours of sweat-drenched, flashback-having, war-ridden nightmares you call your beauty sleep. The phone just rang like an air raid siren in your head, and at this hour you can't help but stand at attention. Seems that the President of the good old U. S. of A. needs your help! A band of modern day pirates has taken control of the world famous "Bermuda" cruise liner. They are heavily armed and dressed like Blue Beard the Biker. This floating fortress of fun also happens to have over a thousand of the most powerful people in the world on board! The President's daughter is among them, and in need of some major life preserving! You wipe the crust out of your eyes, brush those pearly whites, and suit up. You make sure not to forget your monkey sidekick, "Banana." He happens to be your good luck charm and goes over great with the chicks!

Just when you thought things were bad, they get worse. The Navy SEALs that have also been called out for this oceangoing party know of you and your incredible talents for bringing down the house—literally! You've paid more in property damage than in alimony checks! The SEAL commander doesn't seem to like hot shots, and makes sure to politely let you know by yelling and spitting it all over your face. Boy, does this guy need to switch mouthwash!

"Look, I'm not here to make friends," you say.

"Oh really, Bruno?" the commander replies. "So I guess that filthy monkey on your shoulder is your twisted idea of a sidekick." The entire room breaks out in laughter, sans you. These guys don't seem too supportive of your choice in partners, and your monkey just peed on your back from all the commotion.

"Just stay out of our hair, Bruno!" the commander warns. "This is our show, and we don't need any organ grinders in this circus!"

"You're right, Captain," you reply. "Send in the clowns, that's what I always say!" The room goes silent, and with that said, you earn the respect and total hatred of every man in the room. So much for professional courtesy!

Your mission is simple. Invade the ship and rescue the hostages, **ESPECIALLY THE PRESIDENT'S DAUGHTER!** Take out anyone who stands in your way. This is not a P.R. mission, so use any and all weapons you can find. You'd be surprised at what you can use to drop your swarthy opponents, so keep your eyes peeled. Remember, these pirate rejects are playing for keeps, so stay sharp. Now move out before the SEALs start clubbing you!

## ■ TRANQUILIZER GUN

Play the immortal Tranquilizer Gun. Press the Start Button to begin the game. When the game is over the player will return to the Bonus Game Menu. For the controls of the game, see p.5.

### ABOUT TRANQUILIZER GUN

Tranquilizer Gun was released as an arcade game in the early spring of 1980. At that time Sega was using a CPU combined with a Z80. This setup was known as a "Dual Board" and was used to create Tranquilizer Gun. The first game for this setup was "Head On"; after that came "Samurai," "Deepscan," "Carnival," and many other games. The frantic action captured the hearts of the game-playing children of the day.

### CAUTION

Tranquilizer Gun is not available for play from the beginning of the game. Earn credits by completing the missions in Dynamite Cop: Caribbean Pirates within the following conditions.

	MAX. NO. OF CONTINUES	REWARD
Mission 1	Unlimited	3 credits
Mission 2	Clear within 8 continues	6 credits
Mission 3	Clear within 3 continues	9 credits

▲ Clearing all missions will enable you to play Tranquilizer Gun an unlimited number of times.

**HOW TO PLAY TRANQUILIZER GUN**

First, position the trailer near an animal. Use the D-Pad to move the hunter and press the **A** Button to fire the tranquilizer gun and put the animal to sleep. The larger the animal, the more difficult it is to put to sleep. It is then possible to capture the animal you have put to sleep. Take the sleeping animal back to the trailer before the number below the animal reaches zero. When the fuel in the trailer runs out, the trailer will no longer move. Collecting one of each animal will add fuel to the trailer. Clear the round by putting all four animal types to sleep at the same time. If you are attacked, one life will be lost. Losing all lives will result in game over.

**GAME DISPLAY**

Sleeping animals display a counter.

- ① **SCORE**  
(1P/2P)
- ② **HUNTER**
- ③ **ANIMALS**  
(Snake, gorilla, lion, elephant)

# CHARACTERS

## CAPTAIN BRUNO DELINGER

Some call him Bruno, some call him “Mr. Dynamite,” but try not to call him “Monkey Boy.” Known for his incredible martial arts skills as well as his record for property damage, Capt. Bruno is one tough ball of primate-carrying beef cake! He’s got a trusted monkey sidekick named “Banana” and a real love for seeing things go **boom!** If he isn’t in the middle of saving the world from terrorists, he’s usually in the middle of trying to save his marriage.

**SERGEANT JEAN IVY**

This Navy SEAL-trained spitfire loves to get her kicks. And she usually aims them right at your chin! She loves sushi and Japanese animation. Her “turn ons” are cat lovers and long walks on the beach. Her “turn offs” are small feet and “mean people who want to take over the world.” Proficient in kung fu and sambo!

**CORPORAL EDDIE BROWN**

Two things relax this guy, reggae and kick boxing! A Navy SEAL since he drop kicked a referee in the NFL, Eddie is tough as nails and eats them too! When not risking his life for the good of his country, he moonlights for a psychic advice hotline!

## WOLF HONGO

This ex-hippie turned international terrorist is one bad mama jamma! While being extradited to America his plane went down over the Bermuda Triangle. Because his body was never recovered, many believed him to be shark food. He has since been sighted leading the "Caribbean Crew" in their pirate activities. Known for his dirty fighting and foul B.O., this terror of the seven seas takes more hostages than showers!

## PIRATE COUPLE

**Wife: Ada Mendoza**

**Husband: Capt. Gonzalez**

This cute pair of love birds will peck your eyes out. Always together and always deadly, these ex-circus stars are quicker than they look. Ada's hip attack is a thing of legend, while Captain Gonzales can go toe to toe with the best of them. The only thing these two do badly is pick their clothes.

## DR SHIELD

This guy learned all his martial arts moves from reading too much "Middle-Aged Sickly Warrior Turtles!" He is obsessed with comic books and wants to put you permanently out of print! His giant sea turtle shell can protect him from your attacks. Let's hope you have something to protect your nose from his foul pizza breath!

## KATSU TOSHI

With double blades in hand and tattoos in places we can't show you, "Tattoo" Toshi lives up to his weirdo name. Not only is this guy in charge of taking out any poor sap that gets in the way of the crew, he keeps everyone's nose hair nicely trimmed. His dream was to be a famous New York hairdresser, but he failed hair tinting.

## JUMBO MATSU

Once a sumo wrestler, now just an angry, donut eating waste of space. Jumbo fights like he eats, like his life depended on it. His punches are like two greasy pork chops, and his kicks will give you heartburn. Not even the cruise ship has enough grub to keep this guy happy, and he is mighty P.O.'ed! Hurry, throw him a sandwich!

### SHELL GUARD

This guy is one water-logged freak of nature, and his taste in backpacks will have you screaming for the tartar sauce! Once a fast food worker for the CrabLand restaurant chain, he got tired of working for so little money, but he kind of liked the humiliating costumes! His crab shell uniform not only protects him but it smells something awful! Use your head when fighting this crusty creep, and don't forget to cover your nose!

### MANJI

A wannabe ninja with everything to prove and nothing upstairs! Manji learned the art of invisibility from those creepy survivalist magazines, and he hasn't stopped swinging his ginsu since. Now hired by the "Caribbean Crew," Manji uses his mail-ordered cutlery to wreak havoc on unsuspecting sea-goers. This guy needs to get a grappling hook on reality.

### MYSTERY ISLAND

Some pirates and villains call this the "Pirate Training Grounds," a place where future pirates will be trained. The details are however unclear.
